

THE OAMARU STEAM AND RAIL DIGEST

JANUARY 2024

On the Railway

- We carried 919 passengers during a busy December.
- More lineside sleepers have been cleaned up.
- The new material trolley is almost finished.

B10 Turns 100 This Year

Our steam loco, B10, was built in 1924 by Hudswell, Clarke and Co in Leeds. We are planning a centenary celebration later in the year.

Coffee and a Chat, Friday 12 January – this Friday!

Our regular monthly Coffee Chats are held from 10:15am on the second Friday of the month at The Brydone. Anyone, whether a member or not, is welcome to come along for a cuppa and a chat!

Whitemetal Bearings

Our 30-foot guard's van needs its bearings re-metaled. If anyone just happens to have a spare bogie lying around that looks like this(!), or metaled 3 ¾ inch brass bearings lying around, or any skills with white metaling, please let Harry know!
